

## Easy Symbols

### Across

- This element's chemical symbol is **He**.
- This element's chemical symbol is **N**.
- This element's chemical symbol is **C**.
- This element's chemical symbol is **I**.
- This element's chemical symbol is **U**.

### Down

- This element's chemical symbol is **Li**.
- This element's chemical symbol is **Ne**.
- This element's chemical symbol is **Al**.
- This element's chemical symbol is **Ar**.
- This element's chemical symbol is **O**.

## Strange Symbols

### Across

- This element's chemical symbol is **Na**.
- This element's chemical symbol is **Sb**.
- This element's chemical symbol is **Sn**.
- This element's chemical symbol is **Au**.
- This element's chemical symbol is **K**.
- This element's chemical symbol is **Pb**.

### Down

- This element's chemical symbol is **Fe**.
- This element's chemical symbol is **W**.
- This element's chemical symbol is **Ag**.
